## *Participate in Safe + Sound Week 2024: August 12-18*

Safe + Sound Week is a nationwide event held each August that recognizes the successes of workplace health and safety programs and offers information and ideas on how to keep America's workers safe. This year Safe + Sound Week will provide resources for businesses on Job Hazard Analysis (JHA). These materials will be posted before the start of Safe + Sound Week. Please check back soon!

### **Why Participate?**

Successful safety and health programs can proactively identify and manage workplace hazards before they cause injury or illness, improving sustainability and the bottom line. Participating in Safe + Sound Week can help get your program started, energize an existing one, or provide a chance to recognize your safety successes.

### **Who Participates?**

All organizations looking for an opportunity to recognize their commitment to safety are welcome to participate. Last year, more than 3,900 businesses helped to raise awareness about workers' health and safety! Check out our [event archive](#) for information on previous years' engagement.

## Want to Participate? It's as easy as 1-2-3!
