waiting list**

The NDLTAP Local Roadway Signing class will cover basic and also advanced topics:

- MUTCD basics and updates
- Sign condition assessment
- Group design layout worksheets
- Sign color, shape, placement, installation and size
- Sign supports & bases
- Sign inventory systems
- Sign ordering
- Retroreflectivity standards
- Local sign truck discussion
- Utility Locates

This training is perfect for new county, township, or city sign personnel, and is a great refresher for seasoned sign crew members. Township officers, city staff, county commissioners, road superintendents and others in supervisory roles will also benefit from this training.

INSTRUCTORS:

Chris Rathjen. Chris has worked at Newman Signs, Inc. for 25 years as an administrative manager. She has a BS degree from Minot State with a major in accounting and business.

Bryon Fuchs. NDLTAP Director and TTAP Co-Director. Bryon has over 25 years of Transportation Engineering experience. He led the Rural and Special Programs area in the Local Government Division overseeing oil-impact funds provided to local agencies and numerous other funding programs. He focuses on collaborating with federal, state, local, and tribal partners to make a successful transportation system across the state.

Kevin Berg is currently working at Sign Solutions USA he has been in the signing industry since 2002. He works with county, city, and state DOT's with the sales of traffic control supplies and with installation of sign systems. He has been instrumental in converting South Dakota and North Dakota from U-channel/wood posts to Telespar Square Perforated signpost systems.
